

Stop whining around

Music and Lyrics written by **Sistmunks**

Chorus

Stop whining around
I cannot stand the sound
Of your voice, you ain't got no choice
Than to go your way
That's just the way it is
What do you think you miss ?
Yet it's not too late, life can be made
In the way you want

1) You sit there on your chair
And you stare on the ceiling of your room
You suffer from your doom
A lot of misfortune
You're all alone in your tiny, little, sparse
home
It's dark outside and it rains at night
The only thing that shines is a small
candle-light

2) The message-board on the internet
Only drives you mad, fills your head
With worries you don't need now
You're desperate and confused
Now everything is so diffuse
But that is not the end
This advice you must understand

Chorus

3) You always have a reason to complain
About this, about that and something
somebody has said
You tell me how things should be
I ask you, what do you do
With your own will to achieve something

Chorus

You must change your attitude
Your PC is not a substitute
For contacts and a relationship
Release yourself from your bad trip

Chorus
